On behalf of the Soldiers and Families assigned to Fort Campbell I wish to extend our sincere appreciation for the generous donation you recently made. Per your request to use the money for the development of "Volunteering: Stepping Stones To Your Future" the donation has been put towards Morale, Welfare, and Recreation (MWR) funds for the event.

The continuing development of MWR programs would not be possible without the continuous and unwavering support of generous community members. It is difficult at times for Soldiers and Families to continue to focus on their future with so many daunting tasks in their present but it is programs such as these which will continue to support them throughout tough times.

Your donation will help to support Soldiers and Families, through the Army Community Service; Morale, Welfare, and Recreation program. Just knowing that additional resources are available for Fort Campbell Soldiers and Families gives a positive outlook for the future of Army support programs such as these.

Your kindness toward these Families is admirable and epitomizes the basic noble virtues of the American Spirit: helping those who need help, without being asked.

Our Fort Campbell Soldiers and Families are truly grateful to you as a friend and supporter.
Air Assault!

Frederick W. Swope
